

The Hon Chris Minns MLA
Premier
52 Martin Place
Sydney NSW 2000

September 2023

Dear Premier,

NSW INDUSTRIES & COMMUNITIES UNITED IN SUPPORT OF NATIVE FORESTRY

We are writing to you in light of the ongoing co-ordinated environmental protests and misinformed media reports about native forestry in NSW.

As your Government begins to shape key policies, we want to make very clear the ongoing value and legitimacy of native forestry in NSW.

We seek a meeting with you to discuss the importance of native forestry to NSW and the potential of the NSW timber industry in the years ahead.

As a timber business operating in NSW, with this letter we add our voice to the chorus of strong and enduring community support for native forestry across the State.

Our Timber Business

You Should Know	

Since 1906, Timber NSW has been the representative organisation of the timber and forest products industry in NSW. We also wholeheartedly endorse and recommend to you the detailed submission Timber NSW and other timber groups have provided in support of native forestry in NSW.

We ask our elected representatives in the NSW Parliament to listen to the voices of their communities and provide continuing support for native forestry in NSW.

We look forward to meeting with you and look forward to your response.

Yours faithfully,
